

Cocoon

Stu Larsen

Stop this car
I wanna get out
You stole my breeze
And now I want it back
'Cause I'm moving away
'Cause I'm moving away

We made our stand
'Til the silence fell
Now you're in your cocoon
I'm gonna turn this around
I'm gonna turn this around
I'm gonna turn this around, yeah
I'm gonna turn this around

I'll be gone with the morning
Where you are
Will it change like a season?
As a winter into spring (winter into spring)
As winter into spring (winter into spring)

I'm gonna turn this around
I'm gonna turn this around
I'm gonna turn this around
I'm gonna turn this around
I'm gonna turn this around
I'm gonna turn this around
I'm gonna turn this around
I'm gonna, I'm gonna
