

Adios

Stuck in the Sound

Let's start it over
No turning back then
Got a new apartment
With no equipment

I need some money
I need some money today
(Adios)
I need some money
Got so many things to pay
(Adios)

Let's start it over
But you can't really count on the future
Let's start it over
Cause I really can't keep going nowhere

Hoy te escribo una carta
Carta especial despedida
Eramos una apuesta perdida
Y no queda nada bebé
No te quedes cerca

No me vale
Se nos fueron las ganas
Donde estas
Cuando me miras

Let's start it over
But you can't really count on the future
Let's start it over
Cause I really can't keep going nowhere

Get back on the right track
No tears when you left
She's gone for good
It feels so cool

I need somebody
Just not somebody like you
(Adios)
Stop getting caught up in my own thoughts
(Adios)

Let's start it over
But you can't really count on the future
Let's start it over
Cause I really can't keep going nowhere...
