

## Tender

## Stuck in the Sound

Run away from my home  
Leaves overlap all the stones  
Keys fall out of my hands  
You'll never see me  
Never see me again

In love (5x)  
In love (5x)

Please believe that I won't  
Won't give you a chance  
To see me fall  
Now I'm losing my head  
You'll never see me  
Never see me again

In love (5x)

In love (5x)

In love (5x)

Coming over and I hope  
You'll never see me  
Never see me fall

Broken-heart in the end  
You'll never see me  
Never see me again
