

Toy Boy

Stuck in the Sound

Shake, shake, shake, shake
You want me now?
Stripped to the waist
My body! Right?
Erotic touch
You blame me for the day
When you and my
Hands were tied

Boy, she's above love, open your eyes
Well I found out
She's above love
And glad to be blind
When love shines

I know that you don't want me! Right?

Choked on a bone
Some chinese food
My body hurts...
You don't care! Right?
Ironic touch
You blame me for the day
When you and my
Hands were tied

Boy, she's above love, open your eyes
Well I found out
She's above love
And glad to be blind
When love shines

I know that you don't want me! Right?
I know that you don't want a Toy Boy
I know that you tried
I know that you tried
I know that you don't want me now

Do you want a break?
Please baby talk!
I will be nice and tender
Too late she's gone away
Ironic touch
You blame me for the day
When you and my
Hands were tied

Boy, she's above love, open your eyes
Well I found out
She's above love
And glad to be blind
When love shines

I know that you don't want me! Right?
Toy! Toy! Toy! Boy!
I know that you don't want me! Toy Boy!
I know that you tried

I know that you tried
I know that you don't want me! Toy Boy!
Toy Boy! Toy Boy! Toy Boy!
