

Tambourine

Stuck Mojo

Who top such a pretty little thing
Got a ticket for a fling
Wanna see what you can bring
So I put in a subjection Oh, it starts in the park
Put the fire in my heart
Little loving never hurt
Sweet to the girl
Now you got me to my knees
Make me beg
Oh please
You got me
I'll unwind, hot and wild

Go shake your tambourine make everything alright
I wanna rock the beat when the clock strikes midnight
Go shake your tambourine and bring this home to life
Bring me that dirty rhythm and make this grown man cry
Ha, ha, ha, ha, ha, ha, ha, ha, ha, ha, ha, haa (Hey)

Yeah, you're something that I dream of
Like everyone I've seen
If you know what I mean
Go and take it to the ring
daisy do wearing
Heavy max daring
Have you dancing on the bar top
Keep swinging your hips
To the silence of them lips
Now I'm rocking to the beat
And you knock me off my feet
Honey hun hun hun
Don't you fire off my gun
We'll be off together 'fore the midday

Go shake your tambourine make everything alright
I wanna rock the beat when the clock strikes midnight
Go shake your tambourine and bring this home to life
Bring me that dirty rhythm and make this grown man cry

Mhmm
Make this grown man cry
Cry, cry, cry well
Go shake your tambourine yeah

Huh, come and shake it like that
Huh, shake , shake, shake, shake, shake it like that
Huh, come and shake it like that
Huh, shake , shake, shake, shake, shake it like that
Found a sweet sounding bell
We can both kiss and tell
You're the way I in the eye swirl
Push my luck it's the Gotta roll the dice
Oh baby play nice

Go shake your tambourine make everything alright
I wanna rock the beat when the clock strikes midnight
Go shake your tambourine and bring this home to life

Bring me that dirty rhythm and make this grown man cry
Ha, ha, ha, ha, ha, ha, ha, ha, ha, ha, ha, ha
Go shake your tambourine
Ha, ha, ha, ha, ha, ha, ha, ha, ha, ha, haa
Go shake your tambourine
