

# The Sky Is Falling

Stuck Mojo

Why don't we look at life  
As being this mixed up puzzle box  
You have all these clues  
And you put these pieces together here and there And  
they add up To something grand  
I say that we've destroyed our planet  
That we've already reached that breaking point And  
we're dying  
We're on a dying planet We're at the end  
We are literally living in the book of revelations  
We're living at the end  
The hope of the world is gone

People call me crazy  
Say I'm paranoid  
Like the boy crying wolf  
But I see the truth  
I see it coming down on the TV news  
Just a little glue  
To put the pieces together  
Gonna take a look behind the scenes  
Gonna get inside the end times machine  
Understand who's pulling at the strings  
Another step closer to forever  
World's burning  
Plain to see  
Like dominoes  
They fall 1-2-3  
All in line with the prophecy  
I can't believe I'm the only one

Now I lay me down to sleep  
I pray the Lord my soul to keep  
If the sky should fall before I wake  
I pray the Lord my soul to take

The Sky is Falling  
Right before my eyes  
I've got nothing left  
Except my will to survive  
The Sky is falling  
And there's blood on my hands  
There no place to run to  
God help me understand

Could it be the things I hear and see  
Are signs that the sky is falling  
the end is coming  
I feel like I'm living on borrowed time  
With a sorrowed mind  
And I'm close to my last breath  
Death is near  
And it's calling me  
Telling me to get righteous  
Before they click my light-switch  
And darkness overtakes me  
No spirit to wake me

Because I live the life of sin  
Natural disasters are coming faster  
Letting us know who is the master  
Prophecies of what would be are upon us  
Tell me do you think we're some goners  
Or will we have a chance to redeem, repent and come  
clean before he returns on the scene?  
Or will we see more tsunamis and killer Katrinas, AIDS  
and wars between us?  
Is your sky falling?

The sky is falling  
So help me  
So help me understand  
So help me  
The sky is falling  
So God help me understand
