

# Dirty Car

Studio Killers

I wish you'd be  
As dirty as my car  
I could be your ride tonight  
I may not be (oh yeah)  
Worthy of your heart  
But I'll make you feel alright

So c'mon into the night  
Follow, follow the lights  
So let go of wrong and right  
'Cause who wants, who wants, who wants to dance all night?

Get on my dirty car, alright  
Buckle up, hit that beat, don't stop the music  
Face time on the front seat just while we're cruising  
Buckle up, hit that beat, turn up the music  
We're conceived in the backseat and born to boogie

I wish you'd be  
As dirty as my car  
I could be your ride tonight  
I may not be (oh yeah)  
Worthy of your heart  
But I'll make you feel alright

Alright, yeah, yeah, yeah

Yeah, I'm a dirty car  
Come ride with me, oh yeah yeah
