

## Soft Bitch

Studio Killers

I live in La-La Land where everyone's savage (everyone's savage  
, everyone's savage)  
Should be ice cold, yeah, I wish I was selfish (selfish, so so  
selfish)  
When I give a fuck I just feel childish (I just feel childish,  
everyone's savage)  
I should be like them but I'm just a soft bitch (I'm a soft bit  
ch, sad kid)  
I'm a little cat, you're a big tiger  
Show your bubble butt, I'm a little shier  
Cloak-and-dagger bitch, never make a scene  
I'm a whiz kid, I'm a insider  
Haters hate but I'ma love 'em back, yeah  
They will never know what the hell attacked them  
They're too busy living in a magazine  
Think they're funny but nobody's laughing

I'm a spy kid breaking out the basement
