

This Isn't Real Life

Stunna 4 Vegas

2 gone 2 strong
2 alive to die numb
Made too much too young
20 racks on the counter top
And it's cold as fuck when you hot
Life's a bitch when you not
This isn't real life
This isn't real life

Can't you tell I'm having motion
My neck and wrist is frozen
Fuck nigga reach you'll hear explosion
Fuck a diss if we tryna expose em
Tap his head and I send you a bonus
On a wave I stand on the ocean
My chop came fully loaded
Nigga know we the ones causing commotion
I got boomy on my beat
Put switches on my glees
Make her get on her knees
I cross em like a Jesus piece or like A.I before the 3
PFK we play for keeps
I make 'em pay me to speak
And get him whacked, that's for the cheap
I got boomy on my beat

2 gone 2 strong
2 alive to die numb
Made too much too young
20 racks on the counter top
And It's cold as fuck when you hot
Life's a bitch when you not
This isn't real life
This isn't real life
You wanna be like that
But you'll never be like that
Say that you be right back
Fuck did you mean by that?

This isn't real life this isn't real life

Can't you tell I'm having motion
