

# Make It

Stunna Gambino

I gotta work with what I got  
I cannot stop  
Until I make it  
I gotta stay true to all of my brothers  
I could never fake it  
I gotta work with what I got  
I cannot stop  
Until I make it  
I gotta stay true to all of my brothers  
I could never fake it

I'm focused  
I gotta walk around with my head up  
I can't be hopeless  
Livin' the fast life  
Got caught up in the moment  
Then I noticed  
Gotta make an example for all the youngins  
That resemble to my struggle  
Cause I really came from nothing  
(Na na)  
Speak on my dead  
We gon air them shots off  
I feel like Roddy rich when I'm totin' the blacka  
If ion got it on me I'm catching the knockout  
Lil nigga its lights out  
It all started as a dream  
This is my life now  
My homie doing fed time I'm sending kites out  
Separated myself switched up lifestyle  
Id came a long long from the trenches  
(Ugh)  
I Pray to God we gon get it  
I Made mistakes learned my lesson  
Everyday I count my blessings  
Momma told me I was destined  
So I gotta make it out  
To make a change  
(Yeah)  
You could never feel my pain  
(Never)  
Stepping over puddles  
I got caught up in the rain  
(I got caught up in the rain yeah)  
(Hunnit nights a hunnit days yeah)

I gotta work with what I got  
I cannot stop  
Until I make it  
I gotta stay true to all of my brothers  
I could never fake it  
I gotta work with what I got  
I cannot stop  
Until I make it  
(Until I make it)  
(Make it)  
(Make it)

(Make it)  
(Make it)  
I gotta stay true to all of my brothers  
I could never fake it  
(I could never fake it)  
(Fake it)  
(Fake it)  
(Fake it)  
(Fake it)
