

Proud Of Me

Stunna Gambino

You did me wrong ain't gettin' no apology
I know you hatin' but you proud of me
This the life I chose this is how we gotta be
You did me wrong ain't gettin' no apology
I know you hatin' but you proud of me
This the life I chose this is how we gotta be

It was me and my nigga stuck in that poverty
I ain't gonna forget about that time when niggas shot at me
I was young and heartless ain't no hope inside of me
Now these labels callin' talkin' 'bout signing me
I had to go through this shit am so young
I grew up way too fast I was moving so young
But it made me a man now am a soldier
Findin' the precious sippin', drinkin' keep my soul numb
I told my mama we gon' make it but just hold on
They gave my dawg twelve years but then he told on
I cut him loose 'cause that facial don't run inside my blood
My loyalty too official I can't fuck with no scrub

You did me wrong ain't gettin' no apology
I know you hatin' but you proud of me
This the life I chose this is how we gotta be

Jeez proud of me how we gotta be uuh
