

Hammer to Fall

Sturm und Drang

Can you feel the thunder,
Slowly closing in
Waiting like a serpent in disguise.

It's gonna pull you under,
A force you cannot win.
Time to meet your maker eye to eye.

Faster than bullet there is nowhere left to hide.
We will walk through the shadows into the storm
While we wait for the hammer to fall
We will burn through the rain as we're standing tall
While we wait for the hammer to fall

Slipping into madness,
Final curtain call
Can't you see the writings on the wall?
Total pandemonium,
Spreading the disease
Bringing down the world unto it's knees.

Faster than a bullet there is nowhere left to hide
We will walk through the shadows into the storm
While we wait for the hammer to fall
We will burn through the rain as we're standing tall
While we wait for the hammer to fall

We will walk through the shadows into the storm
While we wait for the hammer to fall
We will burn through the rain as we're standing tall
While we wait for the hammer to fall

We will walk through the shadows into the storm
While we wait for the hammer to fall
We will burn through the rain as we're standing tall
While we wait for the hammer to fall
