

# Heaven Is Not Here

Sturm und Drang

Crystal eyes, never cries  
On and on the pain no one can see  
Dream of yours, chains of mine  
On and on the rain no one can feel

In the dead of night her lonely heart will cry  
Ever far away her dreams will lie, and hope is left to die

Heaven is not here  
it's forever away  
Heaven is not here  
Why she cannot stay

Never wanna waste another day, ever again  
Cause heaven as it seems is nothing but hell  
Cause heaven is not here

Fades away, every day  
On and on through grey that never ends  
Say the name, sail away  
Sail away, no angels will be sent

In the dead of night her lonely heart will cry  
Ever far away her dreams will lie, and hope is left to die

Heaven is not here  
it's forever away  
Heaven is not here  
Why she cannot stay

Never wanna waste another day, ever again  
Cause heaven as it seems is nothing but hell  
Cause heaven is not here

(Solo)

Forever away, cannot stay

Heaven is not here  
it's forever away  
Heaven is not here  
Why she cannot stay

Never wanna waste another day, ever again  
Cause heaven as it seems is nothing but hell  
Cause heaven is not here (2x)
