

Party Like a Rockstar

Sturm und Drang

I'm running like a shadow into the light
I'm feeding on a fire that keeps me alive all night, all night
Cause we are all young and we're livin' our lives
We're waiting for a day that might never arrive
It goes by, it goes by

Let's go far away, no time to stay
Let's leave this place, no time to sleep
Let us be wild and free like we should be

There's a party in the night where the hunger is alive
And I'm never gonna stop, I will see the morning light
There's a party in the night, I'm gonna party 'til I die

Cause there's a party in the night where the hunger is alive
And I'm never gonna stop, I will see the morning light
There's a party in the night, I'm gonna party 'til I die

Party like a rockstar
Party like a rockstar
I'm gonna party like a rockstar

I'm running on desire, the heavier kind
It's gonna take us higher, we're getting it right this time, th
is time
Cause we are all young and we're livin' our lives
Just waiting for a day that might never arrive
It goes by, it goes by

Let's go far away, no time to stay
Let's leave this place, no time to sleep
Let us be wild and free like we should be

There's a party in the night where the hunger is alive
And I'm never gonna stop, I will see the morning light
There's a party in the night, I'm gonna party 'til I die

You see my eyes, see them fade away
You lose yourself into outer space
You see my eyes, see them fall into the sky, yeah

There's a party in the night where the hunger is alive
And I'm never gonna stop, I will see the morning light
There's a party in the night, I'm gonna party 'til I die
