Hundred

Styles P

The Machine
Tryna get stoned, rollin' J's, take a hundred puffs
Hundred wolves love me, that's what keepin' it a hundred does
Hustled in the hood, gave plays for a hundred bucks
Now it's legal money so I'm lookin' for a hundred plugs

Poppin' champagne like I won somethin' (I did)
Be the prey or predator to hunt somethin'
Have you sat or your have you done somethin'?
Do you stay out the way or do you love frontin'?
Me I play the beach and watch the waves hit
Long way from movin' cocaine at the days inn
Any other motel, waitin' on the dope sale
Hammer in my coat when it's cold, that was so ill
That don't even make sense, I was tryna make cents
I was tryna make dollars just so I could pay rent
All my niggas stay bent
Came from the pavement
Yeah, now we in the air, up in first class
Honey got the Birk bag
When I touch down, where the work at?
Give a shirt off your back, you get a shirt back
You should learn the code to the game on your first stack
You should learn to handle yourself on your first pack

Hopped off the stoop, knee deep, never buckled up
Hopped in the ride, let 'em ride now fuck 'em up
Let a nigga slide, you could die, he gon' run amuck
I'ma let a hundred buck, tell a set, run and duck
That's the old me, now I changed, let me sum it up
Now I'm tryna live, did a lot, I ain't done enough
Lifetime of rhymes in my mind, I just brung 'em up
Never seen a Jedi in the hood, lookin' one of us
Thinkin' of the gallon, bulletproof in the shuttle bus
Imagine if the hood had money like a hundred Puffs
Hundred hoes, we ain't doin' that, win a hundred stores
We gon' need a hundred farms, we gon' need a hundred groves
We gon' need a hundred buildings and a hundred Rolls
We gon' need that four hundred bag then a hundred more
D block 'til the day I die, then a hundred more

Or is it 99.9? That percent be gon' missin'
Could have us both trippin'
Now we flippin' outisde, goin' nine for nine
Is you keepin' it a hundred wit' me? (Ah, yeah)
Ayy, I shouldn't have to ask the perecent (I shouldn't)
