

# Make Millions From Entertainment

Styles P

Yo, Alchemist  
Fuck everything

Eastcoast Mc's, down south Mc's  
Never fucking forget who's the hardest Mc  
You on the MTV list  
I put you brains all over your MTV crib  
Whoever wrote that, XXL list  
I double excel whoever you felt spit  
All these niggas with these ABC raps  
Me I kick G raps  
Guns bust, keys wrapped  
Fuck niggas never bothered me  
Favourite four words, this is a robbery  
Next few words could be  
Pardon me, that was an artery  
I don't know who the fuck started me  
You think you nice? I wonder who lied to you  
You butter, I'ma knife, I slide through you  
You think you lying where you live I'll ride to you  
Just one deep, not crew deep  
Put three holes in you, just like a loose leaf  
Or a bunch of holes in you, just like a kufi  
If you know God or the devil, introduce me  
It's the Ghost brother  
Get treated like a big bag of weed and get motherfuckin smoked brother  
Cut the dumb shit, 'cause I run shit  
You can get harmed when my palm's on the gun grip  
All I want is millions, thousands and hundreds

"I made millions from entertainment"

I'm money hungry, who's serving?  
We can go to war like the spartans and the persians  
Riding in suburbans with the couches and the curtains  
Who's ruthless? I know I am  
Make you sniff uncut dope out of Thailand  
Can't see the God from the lens out the sky cam  
Play the five ride or the six ride  
Get the baking soda tell em boys let the bricks fly  
Keep the bar buzzed and the piff high  
Put you on the ground cause I ain't letting shit fly  
Too many fake niggas, with their fake ice  
Talking fake shit, you got a fake life  
'38 in your mouth, tell me what the taste like  
See me stop, like you just seen grave lights  
Get gassed nigga, that's your ass nigga  
50 cent gem star watch how I slash niggas  
From the forehead to the adam's apple  
I'ma battle man, you a battle rapper  
I'm talkin real life shit  
Body dead, money missing real crisis  
Real niggas know real talk  
Word to the money knot and every dollar peeled off  
Word to every nigga that, got his top peeled off  
Catch me in the Corvette, high when I peel off
