We be dippin' in Maseratis  
Used to slingin' in pissy lobbies  
I'm a D-Block nigga  
If you violate mine, know niggas is gettin' bodied  
And I probably go get the shotty  
Dolo wearin' Polo, I probably be playin' shotty  
I wanted juice, but I got a shooter  
Video a nigga that swear that I'm not the truth  
And say I never lied is a f\*ckin' lie  
But who the f\*ck are you, who the f\*ck am I?  
My mind is a prison and I'm stuck inside  
Tuck a nine, f\*ck a dime  
Get that money now, I don't know about another time  
I only rhyme cause I love to rhyme  
I work hard and yeah, me and the plug is fine  
Could flood any 'hood with a ton of dimes  
But I show my son my other side  
Tell my daughter how it goes when a mother rise  
On some other shit  
Love a rubber grip, a key flip, Moët on a yacht, never sea-sick  
Then get back home, you can see sick  
You ain't got to look at the toilet to see shit  
Got a gun I call havin' to take a mean piss  
I let it go cause they said I wouldn't be shit

You on my side, or the other side?  
You on my shit, or some other shit?  
Doin' me, never cared what the others did  
I'm either in the crib or the other crib

I always know what the streets want  
Now I'm blowin' weed while I play the balcony beachfront

Watch the clouds move, hear the waves hit  
Back in the 'hood, know it's the same shit  
Niggas weigh bricks or they spray clips  
I could turn a zip to a pound on the pavement  
Feel good when the clique get the same whips  
The jail on sale, but it's the slave-ship  
the orange and blue Asics  
What did you learn in the basics?  
Highrise vibe, but the flow's from the basement  
Drink liquor, get more liquor to chase it  
Burn weed, get more weed to replace it  
Believe what you have faith in  
Things that hurt you, a virtue to have patience  
Do you want a estate or a state pen?  
Do you want a good brother or a great friend?  
Make end's meet or meet who make ends?  
Who does your circle affiliate with?  
The line you walkin' Stand in your square, don't let 'em take shit  
They think you a monkey, then go ape-shit  
My niggas roll in the S-P the Ghost, see ya'll niggas in the matrix

You on my side, or the other side?  
You on my shit, or some other shit?  
Doin' me, never cared what the others did

I'm either in the crib or the other crib

You on my side, or the other side?

You on my shit, or some other shit?

Doin' me, never cared what the others did

I'm either in the crib or the other crib
