You gotta keep your eyes open you know
Keep your ears open too listen up

It's a lot of sucker shit but I couldn't relate to niggas yelling love with
a heart full of hate
I'd rather you'd get an 8th or a hulk or a K and meet me in then alley my ni
gga let's get it straight
I'm the ghost so I be on the delve when its late the only thing sweet is the
juice I sell
I am stone cold I can ring medusas bell tell the bitch to bow down
I'm greater than the king look in my eyes I'm fire
I don tripped through hell
Did some shit on my lonely
That you wouldn't believe
I ain't tryna bring a homie
Just some shit up my sleeve
Another one on my waist
If I hit up your face
You got a girl tell that bitch get ready to grieve yeah
This that old ghost on that rah rah
No cap rings on your cap and your zaza
Shooter in the maserati another in the mazda
