

Powerful

Stylo G

When the darkness find me suffering
And the laughter finally stop
When she ask me all these questions
Only silence is all I got

Why do we struggle in a world like this
So many troubles in a world like this
The only answers in the words I miss
I hope, I find hope

When I'm down on the floor
And it seems I can't take no more
Then I get that blessing
And it feels so powerful

When I'm this close to break
Cause I made that mistake
Then I learn that lesson
And it feels so powerful

Aee, aee, aeeee, yeah
And it feels so powerful
Aee, aee, aeeee, yeah
And it feels so powerful

Now I'm standing, lights surround me
We need no music and the crowd
My only mission is to keep my
Mamma smiling and make her proud

Do what I do to make her smile like this
Out of the ghetto and 3 mile like this
Play the guitar and make we vibe like this
I hope, I find hope

When I'm down on the floor
And it seems I can't take no more
Then I get that blessing
And it feels so powerful

When I'm this close to break
Cause I made that mistake
Then I learn that lesson
And it feels so powerful

Aee, aee, aeeee, yeah
And it feels so powerful
Aee, aee, aeeee, yeah
And it feels so powerful
