

It's Clear

Styx

Trying to beat the odds the gods are watching us
Making sure our hands are on the table
Looking for the deal that feels just made for us
Praying for a break the fates enable

It's clear, the rules we're breaking
Maybe it's a chance worth taking on
The time has come to shine a light
For those who feel like giving up
It's clear

Tell me that's a bridge
Not just mirage I'm seeing
Beckoning cross over or you wait
Till it's too late

It's clear, the rules we're breaking
Maybe it's a chance worth taking on
The time has come to shine a light
For those who feel like giving up
It's clear

You think the rules apply to everything, I know
That road gets longer and more cruel from your youth
And you wait so long, you wait so long, for the truth

I want to play the day the way it speaks to me
Maybe make it go a whole lot farther

It's clear, the rules we're breaking
Maybe it's a chance worth taking on
The time has come to shine a light
For those who feel like giving up
It's clear, the rules we're breaking
Maybe it's a chance worth taking on
The time has come to shine a light
For those who feel like giving up
It's clear
