

# Don't You Feel It

Sub Focus

In the dark and I'm dreaming  
I'm awake, can I roll with you?  
On the streets I was screaming  
Words to songs that we once knew  
Now the moonlight is beaming  
Yeah, I like how it shines on you  
And I can't stop the feeling  
I need to be close to you

Hold me, as it gets alright  
I'll stay with you tonight  
Love me and I'll be fine  
You bringin' me to life  
Hold me, as it gets alright  
I'll stay with you tonight  
Love me and I'll be fine  
You bringin' me to life

Don't you feel it too?  
Don't you feel it too?  
Don't you feel it?  
Don't you feel it too?  
Don't you?  
Don't you?  
Don't you feel it?

Now the night has a meaning  
I just grab what I feel for you  
With the love that I'm feeling  
Darker skies will turn to blue  
Never leave, I'ma beat it  
Tell me what you want 'cause you  
Have the power of healing  
I need to be close to you

Hold me, as it gets alright  
I'll stay with you tonight  
Love me and I'll be fine  
You bringin' me to life  
Hold me, as it gets alright  
I'll stay with you tonight  
Love me and I'll be fine  
You bringin' me to life

Don't you feel it too?  
Don't you feel it too?  
Don't you feel it?  
Don't you feel it too?  
Don't you?  
Don't you?  
Don't you feel it?

Don't you feel it too?  
Don't you feel it too?  
Don't you feel it?  
Don't you feel it too?  
Don't you?

Don't you?  
Don't you feel it?  
Don't you feel it too?  
Don't you feel it too?  
Don't you feel it?

You bringin' me to life  
You bringin' me to life

Hold me, as it gets alright (it gets alright)  
Love me and I'll be fine (I'll be fine)  
Hold me, as it gets alright  
You bringin' me to life  
You bringin' me to life
