

Ecuador

Sub Focus

I'm on vacay
Out in Ecuador
It's been 20 days
I need 20 more
Baddies everywhere
And there's plenty more
It's been quite a day
I'll need another 24

I'm in outer space
Not here anymore
All the pretty girls
In Christian Dior
Boutta light a jay
I've been stressed out
Got a pretty little crush
And she's next door

Baddies everywhere
And there's plenty more
I've been everywhere
I've been at the club
Need some champagne
And some hard drugs
Everybody going crazy on the dance floor

Everybody going crazy on the dance floor
Everybody going crazy on the dance floor

I'm in outer space
Not here anymore
All the pretty girls
In Christian Dior
Boutta light a jay
I've been stressed out
Got a pretty little crush
And she's next door

Baddies everywhere
And there's plenty more
I've been everywhere
I've been at the club
Need some champagne
And some hard drugs
Everybody going crazy on the dance floor

Everybody going crazy on the dance floor
Everybody going crazy on the dance floor
