

# I Found You

## Sub Focus

When I see your face it swallows you up  
And whatever you're taking gets too much  
When your hand starts slipping away from mine  
Just know it's only a matter of time

'Til I found you  
When you're lost, when you're lonely, and you don't know what else to do  
'Til I found you  
When you're lost, when you're lonely, I'll be riding all the way to you  
'Til I found you  
'Til I found you

When you've had enough time being alone  
When you need a friend to carry you home  
When the night gets cold and you need an escape  
Just know I'm already on my way

'Til I found you  
When you're lost, when you're lonely, and you don't know what else to do  
'Til I found you  
When you're lost, when you're lonely, I'll be riding all the way to you  
'Til I found you  
'Til I found you  
When you're lost, when you're lonely, I'll be riding all the way to you  
'Til I found you  
I found you  
I found you, you  
I found you
