

## Just Hold On

### Sub Focus

Just hold on, just hold on  
Just hold on

It's been a long time waiting  
Too many friends have gone  
You've gotta keep on faking  
Whatever makes you strong  
Just hold on  
Just hold on  
Just hold on  
Just hold on

It's been a long time waiting  
Too many friends have gone  
You've gotta keep on faking  
Whatever makes you strong  
Just hold on, just hold on  
Just hold on, just hold on  
Just hold on, just hold on  
Just hold on, just hold on  
Just hold on

Just hold on

Just hold on, oh  
Just hold on

It's been a long time waiting  
Too many friends have gone  
You've gotta keep on faking  
Whatever makes you strong  
Just hold on, just hold on  
Just hold on, just hold on  
Just hold on, just hold on  
Just hold on, just hold on  
Just hold on
