

Overcome

Sub Focus

We got a whole lifetime
'Cause you make me feel so young
Even the darkest nights
I know we'll overcome

You turn a shade into light
And once all our battles are won
I know we'll be alright
I know we'll overcome, oh yeah

We got a whole lifetime
'Cause you make me feel so young
Even the darkest nights
I know we'll overcome

You turn a shade into light
And once all our battles are won
I know we'll be alright
I know we'll overcome, oh yeah

You turn a shade into light
And once all our battles are won
I know we'll be alright
I know we'll overcome, we'll overcome
