

Waiting

Sub Focus

I'm tired of waiting
Tired of waiting
For you
Oh, oh, oh, oh
I'm anticipating
When you're gonna make it
Your move

When it feels like it's close by
In the deep of the night, I
I can't get my mind off you
When the daylight is dawning
And is four in the morning
I can't get my mind off you

I'm tired of waiting
Tired of waiting
For you
I'm anticipating
When you're gonna make it
Your move

All day
All day
So, so, someone

I'm tired of waiting
Tired of waiting
For you
Oh, oh, oh, oh
I'm so tired of waiting
Tired of waiting
For you

So tired
Tired
So, oh, tired
So, baby

When it feels like it's close by
In the deep of the night, I
I can't get my mind off you
When the daylight is dawning
And is four in the morning
I can't get my mind off you

I'm tired of waiting
Tired of waiting
For you
I'm anticipating
When you're gonna make it
Your move

I'm tired of waiting
Tired of waiting
For you
Oh, oh, oh, oh

I'm so tired of waiting
Tired of waiting
For you
