

Wildfire

Sub Focus

When we touch
Feel your heat
Feel your fire
Holding me

Runaway
To the flames
When I'm with you
Can't be tamed

'Cause you're my wildfire
You got me burning for your desire
We keep on going till the daylight
We keep on going till the daylight

'Cause you're my wildfire
You got me burning for your desire
We keep on going till the daylight
'Cause you're my wildfire

'Cause you're my wildfire
You got me burning for your desire
We keep on going till the daylight

'Cause you're my wildfire
You got me burning for your desire
We keep on going till the daylight

'Cause you're my wildfire
You got me burning for your desire
We keep on going till the daylight
'Cause you're my wildfire

'Cause you're my wildfire
You got me burning for your desire
We keep on going till the daylight

When we move
I'm a-blaze
Catching feelings
Can't explain

Runaway
To the flames
Feel it glowing
Can't be tamed

'Cause you're my wildfire
You got me burning for your desire
We keep on going till the daylight
'Cause you're my wildfire

'Cause you're my wildfire
You got me burning for your desire
We keep on going till the daylight

'Cause you're my wildfire

You got me burning for your desire
We keep on going till the daylight
'Cause you're my wildfire

'Cause you're my wildfire
You got me burning for your desire
We keep on going till the daylight
'Cause you're my wildfire
