

1990something

Sub-Radio

Don't look down
Higher than Nirvana
We can dance it out
To Janet and Madonna
I don't fall in love
Baby, I'm a jumper
Cause you, you make it feel like
1990 something
You make it feel like 1990-

Somethings in the water, baby
Like I'm sipping on a time machine
All night undercover, crazy
A technicolor teenage dream
Cause I lost that part of me so long ago
But you woke me up
It's like it never left at all

So don't look down
Higher than Nirvana
We can dance it out
To Janet and Madonna
I don't fall in love
Baby, I'm a jumper
Cause you, you make it feel like
1990 something
1990 something
You make it feel like 1990-

Something in the way you're talking
Got me feeling like I wanna be
Going over waterfalls
Think I need a little TLC
And it's coming though like static on the phone
You make it feel like summer nights when we were young

So don't look down
Higher than Nirvana
We can dance it out
To Janet and Madonna
I don't fall in love
Baby, I'm a jumper
Cause you, you make it feel like
1990 something
1990 something
You make it feel like 1990 something

So come on, let's get lost in the moment
We were young
It was perfect
In 1990- ooh

Don't look down
Higher than Nirvana
We can dance it out
To Janet and Madonna
I don't fall in love

Baby, I'm a jumper
Cause you, you make it feel like
1990 something
1990 something
You make it
You make it feel
Woah

You make it feel like
1990 something
