

Better Than That

Sub-Radio

You say I'm crazy
Stupid or lazy
But I know what I'm doing

Two phones and sad eyes
Come home at sunrise
Who do you think you're fooling?

'Cause all I see is you and me
Last summer getting high for free
Just tryin' to figure it out

Well I know you got your reasons
But I don't want to hear it
You're better than that (better than that)
You're better than that (better than that)

C'mon love me like you mean it
I believe, I believe, I believe, I believe
You're better than that (better than that)
You're better than that (better than that)

Looking for answers
Leos and Cancers
In the sky up above me

Everybody's talking
And I'm feeling forgotten
Oh, are you thinking of me?

'Cause all I see is you and me
Last summer getting high for free
Just tryin' to figure it out, figure it out
Woah

I know you got your reasons
But I don't want to hear it
You're better than that (better than that)
You're better than that (better than that)

C'mon love me like you mean it
I believe, I believe, I believe, I believe
You're better than that (better than that)
You're better than that (better than that)

I believe, I believe, I believe, I believe it
(All right)

I believe, I believe, I believe, I believe

I know you better, know, know you better better
Know you better, know, know you better better
Know you better, know, know you better better
Know you better, no

Well I know you got your reasons (I know)
But I don't want to hear it

You're better than that (better than that)
You're better than that (better than that)

C'mon love me like you mean it
I believe, I believe, I believe, I believe
You're better than that (better than that)
You're better than that (better than that)

(Know you better, know, know you better better
Know you better, know, know you better better)

Know you better, know, know you better better
Better than that
