

Flashback

Sub-Radio

(Hey!)

Last night we danced until our feet got blisters
I rocked that crop top that you got from your sister
You held my hand so sweet and casually
I'd never gone from stop to start so quickly

And our bodies shake like oooh
Electrical waves like oooh

We're gonna do it all again
Gonna sell myself, gonna show my skin
Woohoo, we're gonna be alright
We're gonna do it all again
Gonna sell myself, gonna show my skin
And we're gonna be alright
We're flashing neon animals tonight

(Hey!)

Flashback, 11th Street with the barlights blinking
I swear you turned back with a look and a wink and
Some nights we play like we've got all the time in the world
Put our warpaint on, sing a fighting song

Think of something to say like oooh
Electrical waves like oooh

We're gonna do it all again
Gonna sell myself, gonna show my skin
Woohoo, we're gonna be alright
We're gonna do it all again
Gonna sell myself, gonna show my skin
And we're gonna be alright
We're flashing neon animals tonight

Hallelujah, hallelujah
I worship at my own feet baby
Hallelujah, hallelujah
I worship at my own feet baby

We're gonna do it all again
Gonna sell myself, gonna show my skin
Woohoo, we're gonna be alright
We're gonna do it all again
Gonna sell myself, gonna show my skin
And we're gonna be alright
We're flashing neon animals tonight

(Hey!)
