

# I Don't Wanna Dance With Nobody

Sub-Radio

Clock strikes upon the hour and I'm still not wearing pants  
Still enough time to figure out how to cancel all my plans  
I've done alright up 'til now  
But I'd kill not to go downtown  
And when the night falls  
My SquishMallow calls

I don't wanna dance with nobody  
I wanna be asleep by 10: 30  
Yeah don't wanna dance with nobody  
Please don't look at or touch me  
I don't wanna dance with nobody  
Don't wanna feel your cheeks on my body  
Yeah don't wanna dance with nobody  
Please don't look at or touch me

I've gone outside and taken Ubers, my friends have made me go  
Sooner or later, I'm stuck with Jake and he's selling me crypto  
I need a man who'll take a shot on a ramen flavor he's never bought  
'Cause when the night falls  
My microwave calls

I don't wanna dance with nobody  
I wanna fall asleep watching movies  
Yeah don't wanna dance with nobody  
Please don't look at or touch me  
I don't wanna dance with nobody  
Don't wanna feel your cheeks  
Yeah don't wanna dance with nobody  
Set my alarm for 10: 30

Nobody (Ew)  
Nobody (Ew)  
If anyone asks me  
Nobody (Ew)  
Nobody (Ew)  
I have a thing that night

I need a man who comes to me and he's hot and ready and covered in cheese  
So when the night falls  
I silence my calls

I don't wanna dance with nobody  
I wanna have my cats sit and judge me  
Yeah don't wanna dance with nobody  
Please don't look at or touch me  
I don't wanna dance with nobody  
I wanna make a dent in my loveseat  
Yeah don't wanna dance with nobody  
Please don't look at or touch me
