

## Wait A Minute

Sub-Radio

I watch you do your hangover makeup  
Look in the mirror and catch your eye  
I pinched myself and I didn't wake up  
Oh I think I need this and I want to get it right  
Wait a minute

I don't wanna be a number  
I don't wanna just be yours for the night  
I'm not living undercover  
Come-a-come on, I need this  
Before you turn on the light  
Wait a minute

I don't wanna be a number  
I don't wanna just be yours for the night  
I'm not living undercover  
Wait a minute, I need this  
Before you turn on the light

Night driving on the way out to Phoenix  
Your firebird and my heart are racing  
Mixtape you made for me on the speakers  
I would be your shotgun for forever, baby

I don't wanna be a number  
I don't wanna just be yours for the night  
I'm not living undercover  
Come-a-come on, I need this  
Before you turn on the light  
Wait a minute

I'm seeing it clearer  
But still I can't figure you out  
I know you're a dreamer  
Honey what are you dreaming about?  
What are you dreaming about?  
What are you dreaming about?  
If you're gonna tell me, tell me now  
Cause I don't wanna-

I don't wanna be a number  
I don't wanna just be yours for the night  
I'm not living undercover  
Come-a-come on, I need this  
Before you turn on the light  
Wait a minute

I don't wanna be a number  
I don't wanna just be yours for the night  
I'm not living undercover  
Wait a minute, I need this  
Before you turn on the light
