

All About Shane

Subb

She's been around a couple of years ago
She's doing cool things, like porno videos
With all her friends and her caravan
I wanna take a ride and travel across the land

She's the kind of girl that make you say
I didn't know we do it that way
And i've been watching her every night and then
I wish one day i'll be entering your world

Take me to Shane's world!
She never hesitates, givin' me her best

I watched her one time and i knew it was good
And it wasn't enough
I watched her three times and i watched again
4,5,6,7,8,9,10...times!!

Since we met, i've been addicted
I can't get enough of you when you are naked
You are my superstar, my diva porn queen
I wish one day i'll be entering your world
