

## Almighty Ten

Subb

I think you'd never believe what i'm thinking? It's not related to you!

If my action just happens to elude them, then i'll do it again!

I don't know what they think they might do? And i don't care more than you

It's all over, i get rid of my tension, and i won't do it again

It's alright, it's really alright

Yeah it's ok, i said it's really ok

Won't you ever listen to what i have to say?

And i say; who am i talking to?

It's the almighty ten!!

Do these people care about your problems

They don't even know how!

And do they listen when you're about to shut down

Man, they just bring you down

[Chorus]

[Solo]

Ten is powerful, ten is just amazing

I think it's really bullshit

If i had a choice i would take it

In my mind, this is it!!!

[Chorus]

And i say; who am i talking to

It's the almighty.....TEN!
