

Lovers Rock

Sublime with Rome

The only thing she told
me bout this sick sad
world,
Is once she caught me
cheating she said she
would never be my girl
So I said to myself be
as strong as a lion
You'd have to shoot me
down before I ever stop
tryin
She said I need a
little of that somethin
I said, hey, that's
better than nothin
I know I know
We got miscommunication
But we aint stoppin til
we hear it on the
station
Like yeeeeeah, yeeeeeah
Ooooooh yeaaaaaah yeaaaaah
I've been waiting for
this lovin girl!

I miss the love the
love the love the love
the love
That we used to know
used to know

I miss the love the
love the love the love
the love
That's we used to show
used to show

I miss the love the
love the love the love
the love
That we used to know
used to know

I miss the love the
love the love the love
the love that we used
to have used to have
but not no more

There was summer lovin
in the air
Some of the best times
that i ever had and
ever shared
It was just you and me
sittin on the sand
Baby sippin hennessey

Dancin hand n hand
Listenin to what the
djs playin for you and
me
And we aint stoppin til
we hear it on the
station like yeeeeah
yeaah
Oh yeaah yeaaaah
Yeah yeaaaaah
Oh I've bee waiting for
your lovin girl!

I miss the love the
love the love the love
the love
That we used to know
used to know

I miss the love the
love the love the love
the love
That's we used to show
used to show

I miss the love the
love the love the love
the love
That we used to know
used to know

I miss the love the
love the love the love
the love that we used
to have used to have
but not no more

Step aside, you're only
using me
And I believed your
lies
Step aside, you're only
using me and I believed
your lies

How it used to be
Between you and me

How it used to be

I'm Just missin as I
bust!

I miss the love the
love the love the love
the love
That we used to know
used to know

I miss the love the
love the love the love
the love
That's we used to show

used to show

I miss the love the
love the love the love
the love
That we used to know
used to know

I miss the love the
love the love the love
the love that we used
to have used to have
but not no more
