Sublime with Rome

The only thing she told  
me bout this sick sad  
world,  
Is once she caught me  
cheating she said she  
would never be my girl  
So I said to myself be  
as strong as a lion  
You'd have to shoot me  
down before I ever stop  
tryin  
She said I need a  
little of that somethin  
I said, hey, that's  
better than nothin  
I know I know  
We got miscommunication  
But we aint stoppin til  
we hear it on the  
station  
Like yeeeeah, yeeeeah  
Oooooh yaaaaah yaaaaah  
I've been waiting for  
this lovin girl!

I miss the love the  
love the love the love  
the love  
That we used to know  
used to know

I miss the love the  
love the love the love  
the love  
That's we used to show  
used to show

I miss the love the  
love the love the love  
the love  
That we used to know  
used to know

I miss the love the  
love the love the love  
the love that we used  
to have used to have  
but not no more

There was summer lovin  
in the air  
Some of the best times  
that i ever had and  
ever shared  
It was just you and me  
sittin on the sand  
Baby sippin hennessey

Dancin hand n hand  
Listenin to what the  
djs playin for you and  
me  
And we aint stoppin til  
we hear it on the  
station like yeeeeah  
yeaah  
Oh yeaah yeaah  
Yeah yaaaaah  
Oh I've bee waiting for  
your lovin girl!

I miss the love the  
love the love the love  
the love  
That we used to know  
used to know

I miss the love the  
love the love the love  
the love  
That's we used to show  
used to show

I miss the love the  
love the love the love  
the love  
That we used to know  
used to know

I miss the love the  
love the love the love  
the love that we used  
to have used to have  
but not no more

Step aside, you're only  
using me  
And I believed your  
lies  
Step aside, you're only  
using me and I believed  
your lies

How it used to be  
Between you and me

How it used to be

I'm Just missin as I  
bust!

I miss the love the  
love the love the love  
the love  
That we used to know  
used to know

I miss the love the  
love the love the love  
the love  
That's we used to show

used to show

I miss the love the  
love the love the love  
the love  
That we used to know  
used to know

I miss the love the  
love the love the love  
the love that we used  
to have used to have  
but not no more
