

Thank U

Sublime with Rome

Took some time to fall away
I know I've been gone way too long
Maybe outside I feel alive
But I just don't have the confidence

Wake up high, I wonder why
I just keep on writing these goddamn songs
When I'm in the sun and I'm witchu
Is the only time I feel alright

Break out the coffin
Done feeling alone all the time
I'm finally somewhere
I wanna be for the rest of my life
Thanks to your darling love
Thanks for all of your precious time
Hard to let go of the past
But it's all inside of my mind

(Wanna run it back)

Wake up high, I wonder why
I just keep on writing these goddamn songs
When I'm in the sun and I'm witchu
Is the only time I feel alright

Wake up high, I wonder why
I just keep on writing these goddamn songs
When I'm in the sun and I'm witchu
Is the only time I feel alright

I've been swimming in and out of all your waves
Break by break yeah step by step, I float away

Wake up high, I wonder why
I just keep on writing these goddamn songs
When I'm in the sun and I'm witchu
Is the only time I feel alright

And I doubt myself like every night
But I wake up and I feel alright
Cause in my heart and in my soul
Well I finally feel like I'm at home
