

Steadfast

Submersed

First born I was raised by the river
First born with a story to tell
Oh Lord many sins to deliver
Old man scorned will he ever forgive her?

I need time but it's running out
I need time but it's running
I need time but it's running out
Oooo ooooh time is running out

Forlorn by this state of division
Forlorn by the fear that's for sale
Oh lord help me finish the mission
Salvation, burning fire within us
Steadfast, everlast
Not interested in reliving the past
Hold on cause we're gonna light that fire
We're consumed by our desire

I need time but it's running out
I need time but it's running
I need time but it's running out
Oooh ooohhh

I need time but it's running out
I need time but it's running
I need time but it's running out
Oooh ooohhh
Time is running out

I need time but it's running out
I need time but it's running
I need time but it's running out
Oooo ooooh

I need time but it's running out
I need time but it's running
I need time but it's running out
Oooo ooooh
