

# Trapped

## Such A Surge

it's a matter of fact they've got me trapped in this cage of rage  
and now they wonder why i'm always on the rampage  
they try to manipulate my traits to create my hate  
and i can't wait to retaliate cause they can't fade  
frustration, just bullshit around me  
i show no mercy, i become blood thirsty  
i crossed the tracks and now i'm chopping off heads  
with the rhyme axe you can run but you can hide so relax  
lock into my eyes, tell me your fucking lies  
and prepare yourself to die, welcome to your homicide  
down on your knees, pray for delay  
but don't play, 'cause i'm out for my foray so dont hide away  
6 6 7 neighbour of the beast with the devil of pride inside  
i'm here to stop your brain genocide  
it's a shame, who's to blame, nobody can tame the flame  
i feel the same pain in the brain and i become insane

refrain: trapped trapped tackle my impact  
trapped trapped but the roughneck strikes back

wrong colour, wrong hair, wrong eyes, the same lies  
day by day no way out but i'm still proud  
my race is rare i've got my neck in a snare  
but i've got no fear cause i really don't care  
no not me i try to do the best i can  
no justice no peace and i'm trying hard to be a man  
by any means necessary, i'm still fighting to be free  
'cause i can't see any equality  
trapped! that's what i am feeling free is nothing but a hologram  
so here i am again flying to a new age  
i become a hostage feeling caught in this blind rage  
but who's to blame it's the same game anyway  
free your mind and maybe we will find a way  
out of the ghetto of the mind because you're not blind  
open your eyes and stop telling me your fucking lies

refrain: trapped trapped so tackle my impact  
trapped trapped but the roughneck strikes back

fatal mistake you're a fake snake take a break  
you've got me trapped so there'll be an earthquake  
you're just a typical, tactical, hypocritical ass kissing fool  
that's why i'm pissing on your golden rules  
i'm gonna keep my soul locked safe inside  
not for sale so you fail, cause we don't drive on the same rail  
it wont suffice that you pay the price for your fucking lies  
take my advice, 'cause you don't live twice  
the higher you climb the further you fall so take care  
alright shave off your hair but nazi be aware  
can't you see? they built you up just to knock you down  
can't you see? they sell your soul and finally you are the clown  
you're trying to hang yourself without a fucking rope  
you just mope cause they've got you trapped on 'deathrow'  
moving with the crowd is your way downstairs to hell  
so don't sell your last brain-cell fool.
