

Make U Say

SUD

Girl you know that I've been patiently waiting
Cause I'm staring just anticipating
Give me your number
And I'll probably give you a call

If I get it, I will call you earth day
Tell you nice things, ask you out on a date
If you say yes, I will give you the time of your life

Baby, let's fly
Let's ride
I'll take you high, tonight
I'll make you say (hooh hooo)
I'll make you say (hooh hooo)
I'll make you say (hooh hooo)

Girl, bless you for rockin' that ass
Permission to be your I like it like that
You're messin' with my head
You're the top class one of a kind
Not just the magazine over
You're the front page, back page
Whatsoever song out of rhyme

Baby, let's fly
Let's ride
I'll take you high, tonight
I'll make you say (hooh hooo)
I'll make you say (hooh hooo)
I'll make you say (hooh hooo)

Girl, I'll make you say
I'll make you say (hooh hooo)
I'll make you say (hooh hooo)
I'll make you say (hooh hooo)
