Profanities

SUD

I saw this girl that I thought I knew
'Round six in the morning feeling blue
She walked so slow and then I gave
A wishful smile for old times sake

(We talked for hours)
She wants to know me more
(Baby come closer)
I know you want me girl
(Standing here naked)
Feeling so right
I don't wanna rush but girl you excite me

Fuck girl you got me saying bad words and I ain't playin'
When I see your ass is on the floor it turns me on
Damn baby you so fine and you're always on my mind
And I'm singing you this song saying bad words all night long

para pa ra pa ra pa, para pa ra pa ra pa
para pa ra pa ra pa, para pa ra pa ra pa

Let me kiss you, touch you, hold you girl
Wanna do all things you want me girl
Just say my name 'coz baby I'm yours
We can do it anywhere even on the floor

(We talked for hours)
She wants to know me more
(Baby come closer)
I know you want me girl
(Standing here naked)
Feeling so right
I don't wanna rush but girl you excite me

Fuck girl you got me saying bad words and I ain't playin'
When I see your ass is on the floor it turns me on
Damn baby you so fine and you're always on my mind
And I'm singing you this song saying bad words all night long

Fuck girl you got me saying bad words and I ain't playin'
When I see your ass is on the floor it turns me on
Damn baby you so fine and you're always on my mind
And I'm singing you this song saying bad words all night long

Fuck girl you got me saying bad words and I ain't playin'
When I see your ass is on the floor it turns me on
Damn baby you so fine and you're always on my mind
And I'm singing you this song saying bad words all night long
