Sudan Archives

Said she met him on the net  
Said she'll move in at his spot  
Said she got a new friend  
Said she got a new B  
Said she living in the hills, she don't worry about a thing  
Said he give her dollar bills, no biggie, got a Benz  
We used to kick it at your crib  
When you stayed in Topanga  
And you couldn't pay rent  
So we meditate, and we pray

What happened to your dreams?  
All you care about is things  
Now you take all these things  
To cover up, it seems  
I don't understand  
I don't like your man  
We don't got no plans  
I don't want your hugs  
I just wanna go back to times when money didn't make you budge

Limitless at our fingertips  
Don't sweat it, just get it  
We're too cool to admit it  
All we have is the internet  
Limitless at our fingertips  
Don't sweat it, just get it  
We're too cool to admit it  
All we have is the internet

It's okay to be afraid  
Feeling stuck, unlucky, okay  
You're the only great escape  
Gotta let you make the mistakes  
Even though it gives me pain  
It's a lesson you won't forget  
If I had it my way  
I would hope one day you can say

Limitless at our fingertips  
Don't sweat it, just get it  
We're too cool to admit it  
All we have is the internet  
Limitless at our fingertips  
Don't sweat it, just get it  
We're too cool to admit it  
All we have is the internet

If I say no  
It's not that I never adored you  
I'm not in shock  
Too many people have control  
Chasing trouble  
Leadin' to nights that I'm above  
You won't survive  
I need you sober all your time

Limitless at our fingertips  
Don't sweat it, just get it  
We're too cool to admit it  
All we have is the internet  
Limitless at our fingertips  
Don't sweat it, just get it  
We're too cool to admit it  
All we have is the internet
