

Yours

Sueco The Child

I'm just a fake, you a superstar
So in demand, it's just who you are
I'm in your hands, watch me fall apart
Was colorblind till you gave me hope
From black and white to kaleidoscope
My ride or die, thought I'd die alone

My life was on two steps forward, three steps back
My train was headed off the track
One-way
[?] somebody explain

How did somebody get in my head
All up in my bed?
Like no one has before
Yeah yeah, oh
I can't believe I'm yours
How did somebody so lost like me
Get so lost at sea?
And washed up on your shore
Yeah yeah, oh
I can't believe I'm yours

I'm just a fan, you're a fantasy
The only one that can handle me
We going half, all our family

My life was on two steps forward, three steps back
My train was headed off the track
One-way, way, way, way way way

How did somebody get in my head
All up in my bed?
Like no one has before
Yeah yeah, oh
I can't believe I'm yours
How did somebody so lost like me
Get so lost at sea?
And washed up on your shore
Yeah yeah, oh
I can't believe I'm yours, oh
I can't believe I'm yours, oh
I can't believe I'm yours

I'm yours

How did somebody get in my head
All up in my bed?
Like no one has before
Yeah yeah, oh
I can't believe I'm yours
How did somebody so lost like me
Get so lost at sea?
And washed up on your shore
Yeah yeah, oh
I can't believe I'm yours, oh
I can't believe I'm yours, whoa whoa

I can't believe I'm yours
