

## Sweet Kid

Suede

We've got to make the most of it  
Or I'll surrender to all our fate  
And if my body belongs to the worms  
Oh, well, my blood still belongs in your veins

All the ways that you're changing  
All the things that we did  
I'll have faith that you're staying in love, my sweet kid

Oh, sweet kid, well, this life belongs to you  
Oh, sweet kid, all the changes that you're going through

So don't get too close to me  
I can't promise you a miracle  
But I will be there if you think of me  
There like a beat at the back of your skull

All the ways that you'll change then  
With every skin that you shed  
I'll have faith that you're staying in love, my sweet kid

Oh, sweet kid, well, this life belongs to you  
Oh, sweet kid, all the changes that you're going through

All the ways that you're changing  
All the things that we did  
I'll have faith that you're staying in love, my sweet kid

Oh, sweet kid, well, this life belongs to you  
Oh, sweet kid, all the changes that you're going through

Oh, sweet kid, does this life belong to me?  
Oh, sweet kid, oh, sweet kid, we'll see
