

# Immortal Execration

## Suffocation

Oh, this flesh which we've created  
Endowed with hatred and wisdom  
Seeded with imperfections  
Bestowed with sorrow and anguish

Let their days be filled with the visions of  
Suicidal thoughts  
Easing the pain, self-inflicting wounds  
Sadistically  
Let us swear an oath not to save those  
Longing for death  
Observe as they  
Mutilate the flesh

There will be no salvation nor mercy  
Shall be granted for these deeds  
Deeds that have been forbidden  
Immortal execration

Let them bleed  
Condemning their souls  
To wither away in the void  
Void of darkness

Suffer  
This is what I heard you praying for  
To leave this world behind, where the pain is unbearable  
And your cries go unnoticed like the scars on your wretched flesh  
Incisions made with a dull blade  
You must cut deeper to achieve death  
Cut deeper  
It would be a blessing  
If you would end your life

Utterly detested  
By your mere presence  
And your feeble attempts  
To abolish the flesh are pathetic

The soul ascends once you realize  
Life is meaningless with no purpose

Oh, cut your wrist, cut your throat  
Hang yourself, who gives a fuck? Just bleed  
Bleed for me  
Oh, cut your wrist, cut your throat  
Hang yourself, who gives a fuck? Just bleed  
Bleed for me
