

The Impostor

Suffokate

The crown is mine
Uncovering the eyes of the blind
Victims of your ignorance and vanity
Your Mouth
gaped and over flowing
choking on a phallus of lies

My prayers for vengeance
Will be answered in due time

Your acts
Examples
Of the child still inside

My prayers for vengeance
Will be answered in due time

Your acts
Examples
Of the child still inside

Will be mine

Only worn by the divine

This crown
Will be mine
Be mine

Your reflection in the water
Consumes your weak and ignorant mind

Lost
Scared
And Searching for what you've lost inside

I'm gonna cut your throat mother fucker

Now alone and distracted
Ive Beheaded you on the throne
Just another example
For the next bitch in line

Dumping your body
In the trenches
Amongst the filth and grime
Your bodys now
Covered with blood
From victims of mine

Your voice infecting
weak and innocent minds

My voice
Immortal
Everlasting
Transcending time

This crown

From your hands to mine
Only worn by the the divine
