Sufjan Stevens

It was something of a second life  
It was something of an anaphylaxis  
I saw the same shit, I saw the light  
You get me out of this and I'll give you access

At the risk of sounding like a Confucian  
I saw your body and I saw what I liked  
Let's keep it simple, give me absolution  
Let's take a walk in the circle of light

It was something of an afterthought  
It was something sort of unprecedeted  
I saw the same shit, like it or not  
I saw the hemisphere, I didn't invent it

It was something of a reinvention  
You took my breath away, I took my time  
Let's keep it simple, give me absolution  
Let's take a walk in the circle of light

Let's take a walk in the circle of light  
Let's take a walk in the circle of light  
Let's take a walk in the circle of light

We step in the light  
The rise of our tide  
My love is a wave  
You got me caught in a landslide  
There's nowhere to run  
There's nowhere to hide  
My love is a wave  
You got me caught in a landslide

It was something of a second chance  
It was something of a phantom synapsis  
Now everything is slipping out of my hands  
You get me out of this and I'll give you access

At the risk of sounding like a Confucian  
I'm gonna take it one day at a time  
Let's keep it simple, give me absolution  
Let's take a walk in the circle of light

Let's take a walk in the circle of light  
Let's take a walk in the circle of light  
Let's take a walk in the circle of light

We step in the light  
The rise of our tide  
My love is a wave  
You got me caught in a landslide  
There's nowhere to run  
There's nowhere to hide  
My love is a wave  
You got me caught in a landslide
