

Love Yourself

Sufjan Stevens

Love yourself
You are the one thing
I needed
Share of yourself
Show me the things that
You believe in

Love, can you love yourself
Show me everything
Every reason to believe in yourself

Make a shelf
Put all the things on
That you believe in

Love, can you love yourself
Show me everything
Every reason to believe in yourself

Love yourself
You are the one thing
I believe in
Love, can you love yourself
Show me everything
Every reason to believe in yourself
Make a shelf
Put all the things on
That you believe in

Love, can you love yourself
(You are the one thing)
Show me everything
(You are the one thing)
Every reason to believe in yourself
(You are the one thing)
Love, can you love yourself
(You are the one thing)
Show me everything
(You are the one thing)
Every reason to believe in yourself
(You are the one thing)
