

## Say Yes! to M!ch!gan!

Sufjan Stevens

Demonstrate I was  
raised from the start  
By a priest and  
the maid on the part.  
Still know what  
to wear on my back:  
Michigan!  
Ponshevaing!  
Cadillac!

If I ever meant to go away  
I was raised, I was reaised  
In the place, in the place.  
Still I often think of going back  
To the farms, to the farms  
Golden arms, golden arms  
start to remind me.

If the lakes took  
the place of the sea.  
If the cars drove  
themselves, way to be!  
Opposite the trains moving in  
Rivers run interstate, Michigan!

Still I never meant to go away  
I was raised, I was raised  
In the place, in the place.  
Still I often think of going back  
To the farms, to the farms  
Golden arms, golden arms.  
Tried to change the  
Made in Michigan  
I was raised, I was raised  
In the place, in the place,  
part to remind me
