

Venus

Sufjan Stevens

Oh no
There I go twisting your arm
Oracle ghost
Love me completely in song
Methodist summer camp
You show me yours, show you mine
Sensitive thunderclap
Slip beneath sleeping bag, sigh
Run, radiator, run
Redheaded, horny, I [?]
Run Taurobolium
Blood that ran off from its soul

Go slow
Panderos, fill of me
Cherokee jeep in the yard
Pull off your running shoes
Sweet Callipygia, guardian goddess
My guard

Half shell
Half undressed lover of mine
Born Aphrogenia
Jealousy drink of your wine

Crazed nymphomania
Touch me if touching's no sin
Heart shaped
Anatomy felt from within

Don't go
Panderos, fill of me
I never meant to do harm to you, to love
Don't go
Panderos, fill of me
I never meant to do harm to you, to love
